

Cut Registration Lines in Half

Your Sports Banquet Can Start on Time with the New Name Tag Tamer Collection

An impressive ballroom – elaborate stage, perfectly appointed table settings, high definition video. A Who's Who list of attendees. Your sports banquet is about to start.

All that's missing are your attendees. If only you could get them in the room.

Where are they? Stuck in line. Waiting to get through registration.

What's the hold up? You have plenty of people staffing the registration desk, but there's still a long line.

The problem – the name tags. No matter how many systems you've tried, the result is the same. An unorganized, slow and embarrassing entrance to your grand event.

As the adage says, "you never get a second chance to make a first impression," and right now, you're not off to a good start.

What's the Solution?

Easy Event Hosting has the answer to your registration problems. It's the **Name Tag Tamer Collection**.

Name Tag Tamers are portable display boards that hold and organize your badges, providing you with a professional way to display and distribute name tags.

Your banquet attendees will love being able to avoid the long lines typical at most events.

A veteran meeting planner recently attended a conference that attracted more than 400 attendees. "I was quite impressed with registration, especially when I saw how many people were attending the event," she said. "There were NO lines! In 20 years of planning conventions, I have never experienced a registration that didn't have long lines. I was able to easily pick up my name tag, find a seat in the conference room and meet some of my fellow attendees long before the event started – all thanks to the quick registration process. The Name Tag Tamer solved the mystery of how to eliminate lines at registration."
